AI and the News

Name _____

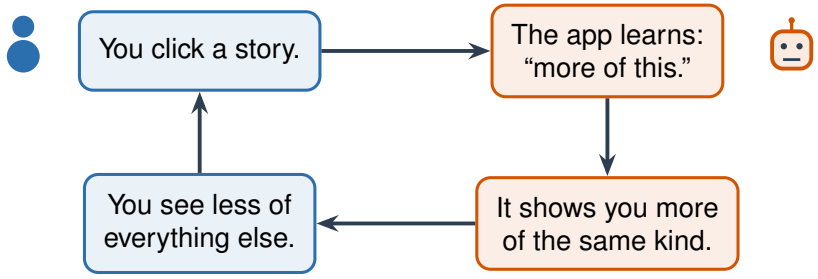
Work with a partner. Compare answers when you finish each problem.

Word bank: click click and watch the longest filter bubble

1. What did you see first today? (no names) _____

Why do you think the app showed it to you? _____

2. The feed loop.



The app predicts which stories I will _____

Every _____ teaches the app. When it shows me only what I already like, that's a _____

3. Train a feed.

After 10 clicks, the topic the app thinks I like most	
How many different topics are in my feed now?	
How many of my stories are also in my partner's feed?	
When I clicked only angry stories, my feed	

Angry stories spread fast because _____

4. Talk about it. An app should show me what I (like / need to know), because

_____

Go Further (Day 2). Trace a story back. The story: _____

S	Stop. How does it make me feel?	
I	Who posted it first?	
F	What do trusted news sources say?	
T	Where did it first appear?	

The sources the AI gave, and what I found when I checked them:

Source	**Is it real?**	**Does it say what the AI said?**
	yes no	yes no
	yes no	yes no
	yes no	yes no

My decision: true / false / missing important facts. My proof: _____
